Stuttgart,

January 2021

Certificate

Fraunhofer IPA hereby certifies that the pneumatic spraygun

spraycolor VS03

applying an aircap **1.0 VX**

a fluid nozzle size **1,0 mm** ,

a gun inlet pressure of **2,0 bar** ,

a working distance of **200 mm** and a

paint feed of **200 g/min of a water-based 1-K-paint material**

has been tested according to **DIN EN 13 966 - 1 (VDMA-Einheitsblatt 24 366)**

The referring test protocols have been handed out to the manufacturer.

A transfer efficiency of 86 % was found.
